1 Before you start: what an Associate is

Your role, what you earn, and what this guide covers.

1.1 Who this guide is for

This guide is for **Associates** of Maharshi Kanad Jyotish Kendra: people who recommend the Kendra's services to others and earn a **commission** on every booking that comes through them. An Associate does not sell anything and does not handle the customer's money. You share your personal **referral link** or **referral code**. When someone books through it, the Kendra credits a commission to you, and later pays it to your UPI ID or bank account.

- You need an **Associate** account. It is different from a customer (User) account. Register for it as described in chapter 2.
- Your account is checked by the Kendra before it starts working. Until it is **approved**, your referral link does not earn.
- Everything an Associate does is on one page, the **Associate Dashboard**. Chapter 3 explains every part of it.
- How customers use the site (booking, paying, tracking) is explained in the separate Customer Guide. It helps to read it once, so that you can guide the people you refer.

1.2 The words used on the dashboard

Word	What it means
Referral link	Your personal web address, for example https://maharshikanadjyotishkendra.com/r/DEMO100. Anyone who opens it is remembered as your referral.
Referral code	The short code at the end of your link (for example DEMO100). A customer can also type it into the **Referral Code** box while booking.
Commission	Your earning on one booking. The Kendra sets it as a fixed amount or a percentage, per service or plan. It is calculated on the booking amount before GST.
Pending payment	The customer's payment has not been confirmed yet. Nothing is yours yet.
Earned	The payment is confirmed. The commission is now part of your **Available** balance.

Word	What it means
Paid	The Kendra has paid this commission to you.
Payout	A request for the Kendra to pay your Available balance. It shows **Under review**, then **Paid** or **Declined**.

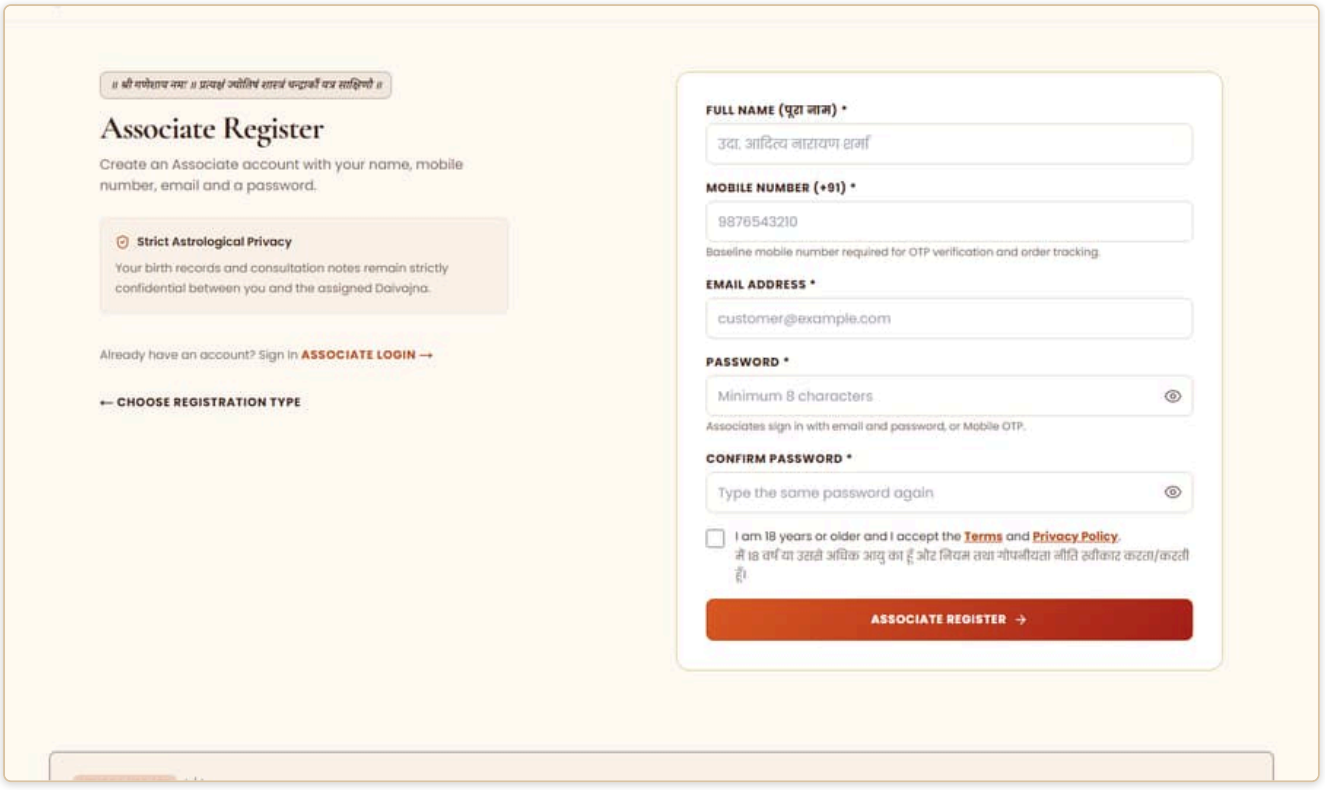

> **Note:** The site is in English and Hindi. Use the **EN** and **हिन्दी** buttons at the top right at any time.

2 Registering, approval and signing in

One-time registration, then wait for the Kendra's approval.

2.1 Register as an Associate

1. Press **Register** in the top bar. On **Choose registration type** choose **Associate**.
2. Fill **FULL NAME**, **MOBILE NUMBER (+91)**, **EMAIL ADDRESS**, **PASSWORD** (at least 8 characters) and **CONFIRM PASSWORD** (the same password again). The eye button (**Show password**) shows what you typed.
3. Tick the box that says you are 18 or older and accept the Terms and Privacy Policy. It is required.
4. Press **ASSOCIATE REGISTER**.

The Associate registration form.

> **Tip:** Give an e-mail address you read regularly. The Kendra tells you by e-mail when your account is approved or declined.

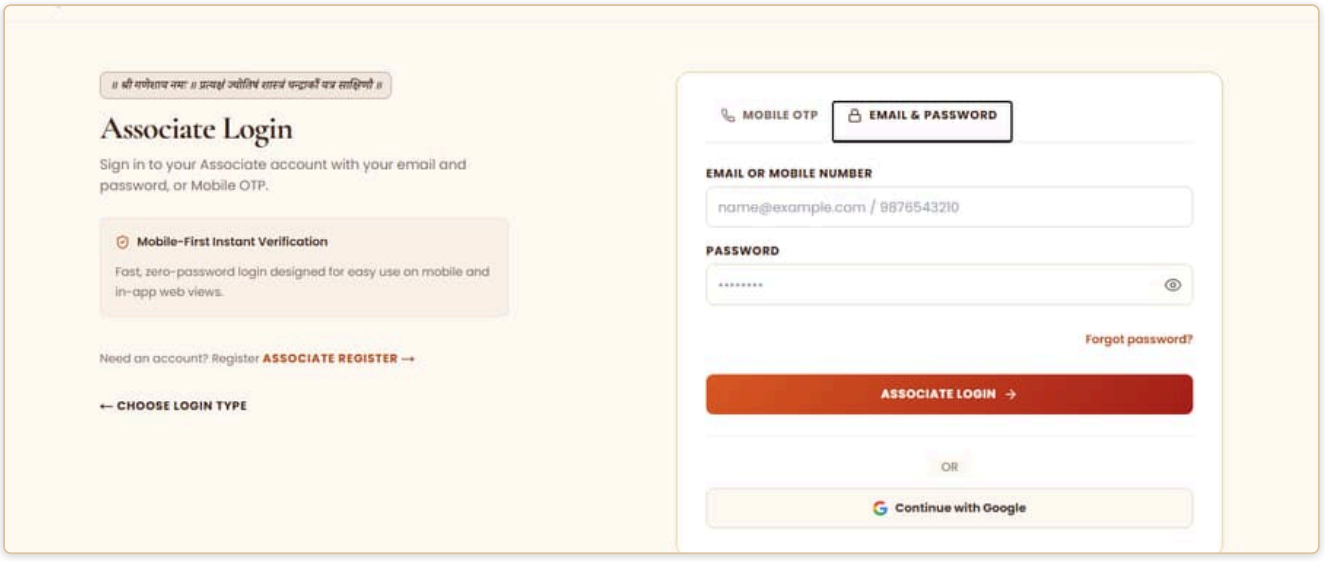

2.2 Approval

A new Associate account starts as **Awaiting approval**. The Kendra reviews your application and either approves it (**Approved**) or not (**Not approved**). You are notified by e-mail. Your referral link works only after approval. The Kendra may also **Suspend** an account; a suspended Associate does not earn until it is restored. If you are not approved or suspended, contact the Kendra.

2.3 Sign in

Press **Sign In** in the top bar and choose **Associate**. There are two ways:

- **EMAIL & PASSWORD**: type your e-mail address (or mobile number) and password and press **ASSOCIATE LOGIN**.
- **MOBILE OTP**: type your mobile number, press the button to receive a 6-digit code, and type the code.
- **Continue with Google** is available where the Kendra has turned it on.
- **Forgot password?** on the e-mail tab sends a reset link to your e-mail address.

Associate sign-in with e-mail and password.

After signing in you land directly on the **Associate Dashboard**.

> **Caution:** Never share your password or OTP with anyone, including people who say they are from the Kendra.

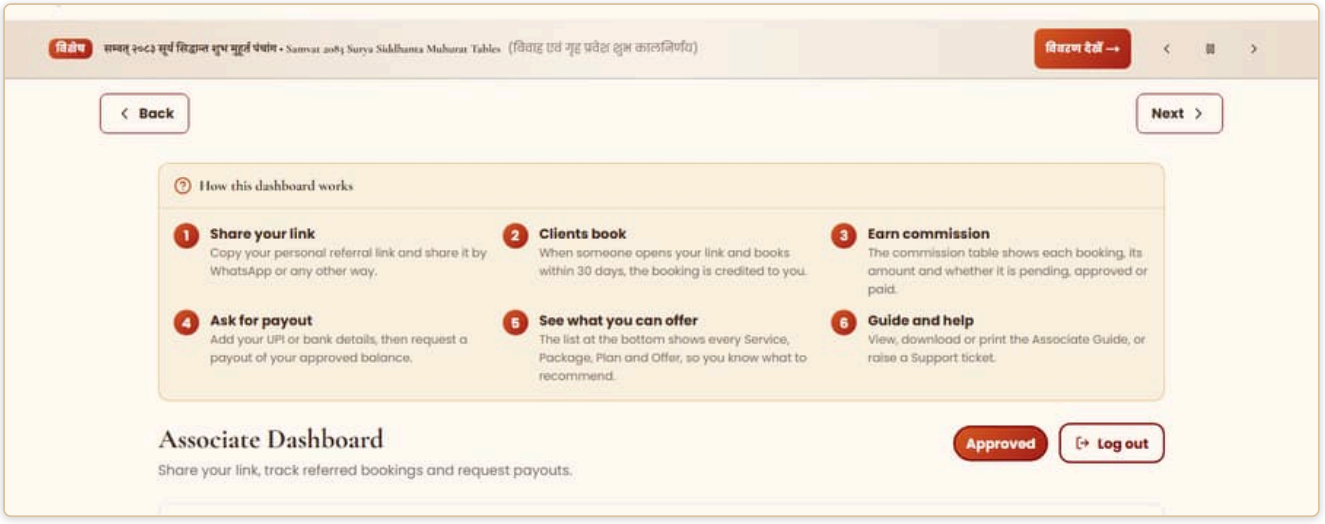

3 The Associate Dashboard, part by part

Every box and button on the page.

3.1 The top of the page

The dashboard begins with **How this dashboard works**, six short numbered steps: share your link, clients book, earn commission, ask for a payout, see what you can offer, and guide and help. Below it the title **Associate Dashboard** is shown with two items on the right:

- A status badge: **Awaiting approval**, **Approved**, **Not approved** or **Suspended**. It tells you where your account stands.
- **Log out** signs you out. Always do this on a shared computer.

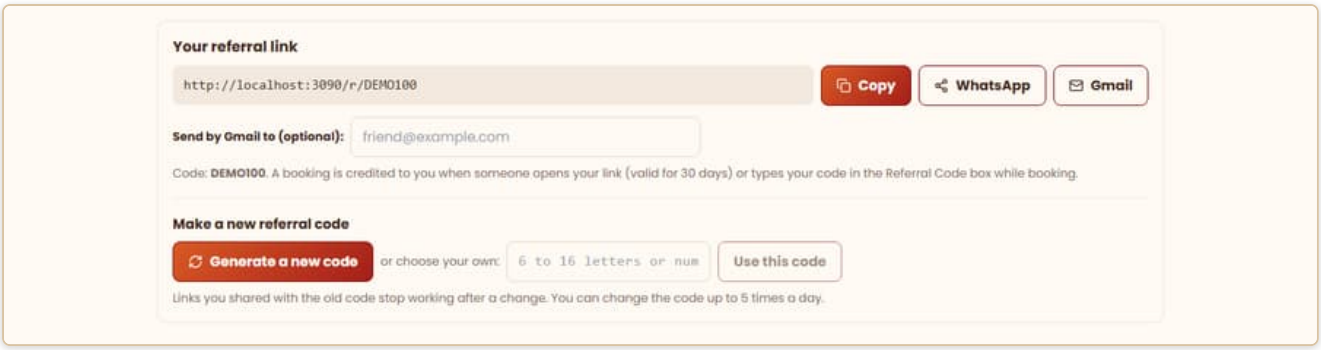

The top of the dashboard.

3.2 Your referral link

This box is the heart of the dashboard.

- The long box shows your referral link. Press **Copy** to copy it.
- **WhatsApp** opens WhatsApp with the link ready in a message. Choose the person or group and send.
- **Gmail** opens a new Gmail message with a short greeting and your link already written. Type the receiver's address in the box **Send by Gmail to (optional)** first if you want it filled in.
- The line below shows your **Code**, and reminds you that a booking is credited to you when someone opens your link (valid for 30 days) **or** types your code in the **Referral Code** box while

booking.

The referral link box.

3.3 Make a new referral code

Your code is created for you. If you would like a different one:

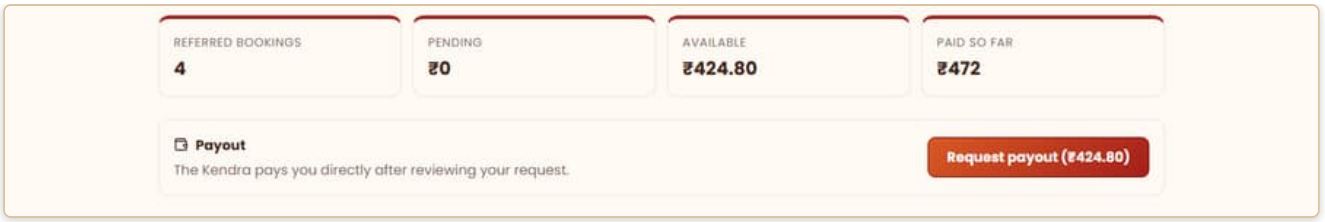

- **Generate a new code** makes a random one.
- Or type your own in the box (6 to 16 letters or numbers) and press **Use this code**. If the code is already taken the site says that the code is already taken and you choose another.
- The note under the box warns you: links you shared with the old code **stop working** after a change, and you can change the code at most **5 times a day**.

> **Caution:** Change your code only if you really need to. Printed material or old WhatsApp messages with the old link will no longer credit you.

3.4 Your numbers

Four cards show where you stand:

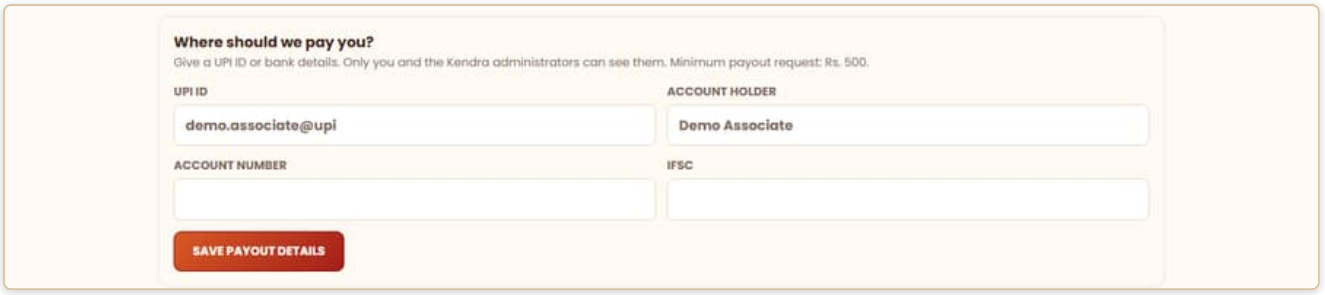

Card	Meaning
REFERRED BOOKINGS	How many bookings have been credited to you.
PENDING	Commission on bookings whose payment is not confirmed yet.
AVAILABLE	Commission you have earned and not yet been paid. This is what a payout request asks for.
PAID SO FAR	The total the Kendra has already paid to you.

The four number cards and the payout bar.

3.5 Where should we pay you

Before the Kendra can pay you, tell it where. Fill **UPI ID** (for example name@bank), or **ACCOUNT HOLDER**, **ACCOUNT NUMBER** and **IFSC** for a bank transfer, and press **SAVE PAYOUT DETAILS**. Only you and the Kendra's administrators can see these details. The box also says the minimum payout request, for example Rs. 500.

Payout details.

> **Tip:** Check the UPI ID or the account number twice. A wrong detail delays your payment.

3.6 Request payout

The **Payout** bar says the Kendra pays you directly after reviewing your request. The button **Request payout (amount)** asks for your whole Available balance.

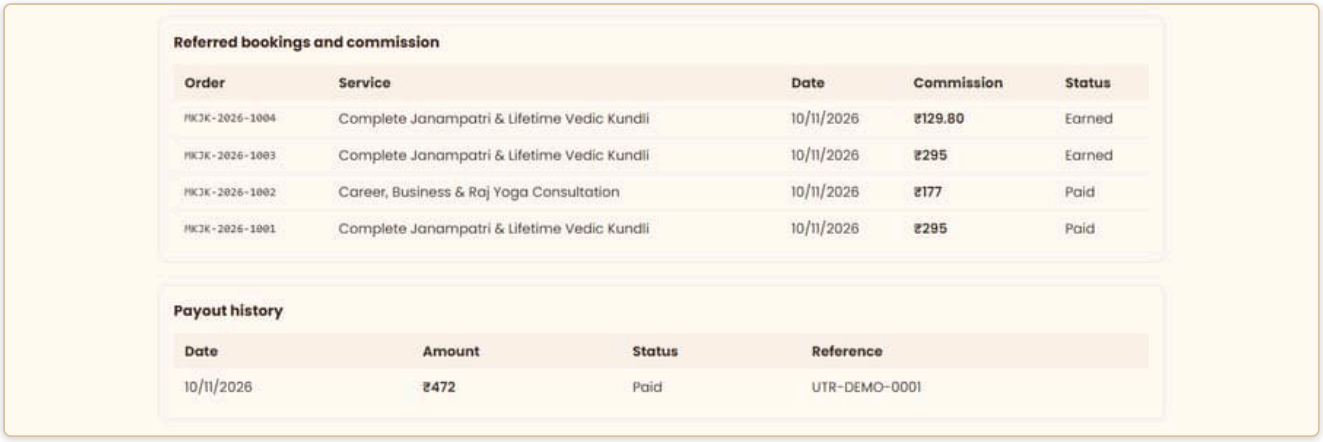

1. Save your payout details first (3.5).
2. Make sure the Available balance is at least the minimum shown. If it is lower, the site tells you the minimum and your balance, and no request is made.
3. Press **Request payout**.
4. The bar then shows the amount **Requested**, and the request appears in **Payout history** as **Under review**. When the Kendra has paid it, it shows **Paid** with the UPI or bank reference. If it is **Declined**, the amount returns to your Available balance and you may ask again.

3.7 Referred bookings and commission

This table lists every booking credited to you:

Column	Meaning
Order	The order number of the customer's booking.
Service	The service the customer booked.
Date	When the booking was made.
Commission	Your earning on it.
Status	**Pending payment**, **Earned**, **Paid** or **Cancelled** (for a cancelled, expired or refunded booking).

You see only the order number and service. The customer's name and personal details are never shown to Associates.

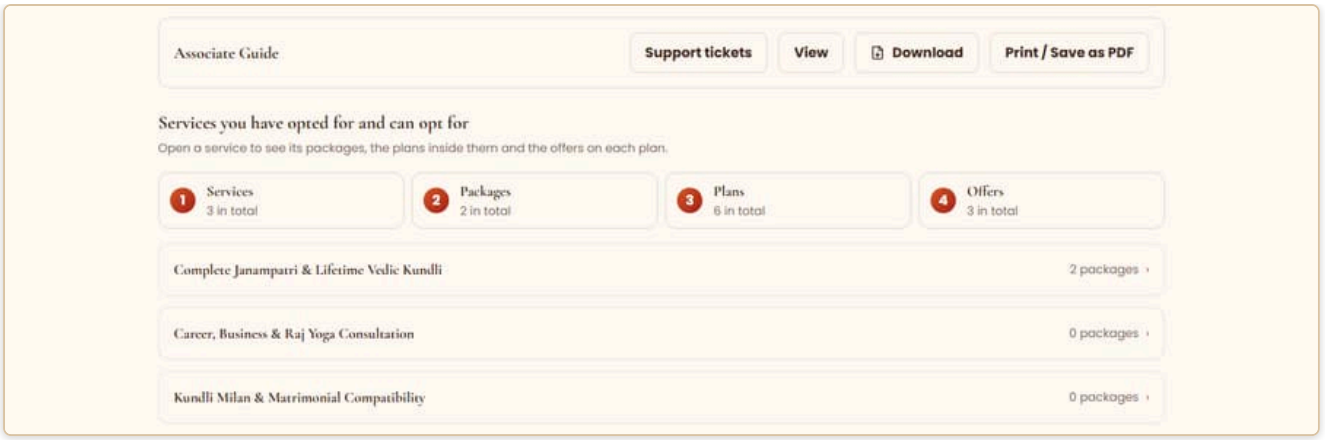

Referred bookings and payout history.

3.8 Payout history

Every payout request with its **Date**, **Amount**, **Status** and **Reference** (the UPI or bank reference number of the payment). Keep this for your records.

3.9 Guide, support tickets and what you can offer

- **Associate Guide** with **View**, **Download** and **Print / Save as PDF** opens this guide.
- **Support tickets** opens the help page (see chapter 5).
- **Services you have opted for and can opt for** lists every Service, Package, Plan and Offer, with counts (Services, Packages, Plans, Offers). Press a service to see its packages and plans and the offers on each. This is so that you know what to recommend. **View & book** opens the same page a customer sees. This list is for viewing only.

The guide row and the list of services.

4 How a booking is credited to you

The 30-day link, the code, and the rules.

4.1 Two ways to be credited

1. **The link.** A visitor opens your link (the address ending /r/YOURCODE). The site remembers you for **30 days**. If the visitor books within 30 days, even if they leave and come back later, the booking is credited to you.
2. **The code.** A customer types your code in the **REFERRAL CODE** box on the booking page and presses **CHECK**. A green line confirms it. This works even if they never opened your link.

> **Note:** The code gives the customer no discount; it only tells the Kendra who recommended the service. Discounts come from separate promo codes in the **PROMO CODE** box.

4.2 When your commission is created and paid

- When the customer books, the commission is created as **Pending payment**.
- When the Kendra confirms the customer's payment, it becomes **Earned** and is added to your **Available** balance.
- When the Kendra pays it to you, it becomes **Paid**.

4.3 Rules

- You cannot earn commission on your **own** bookings.
- Commission on a booking that is **cancelled, expired or refunded** is cancelled.
- Commission that has **already been paid** to you is not changed.
- The commission amount is set by the Kendra for each service or plan. It is not shown on the customer's bill.
- Do not make promises on the Kendra's behalf about results or prices. Recommend only what the site says.

4.4 How to give the best help to the people you refer

- Share your link by **WhatsApp** and tell the person which service you mean.

- Tell them to sign in or register as a **User** and to keep their mobile number ready; the Kendra and the **Track order** page use it.
- If they have a question about a booking, they should raise a Support ticket or call the Kendra. You cannot see or change their booking.

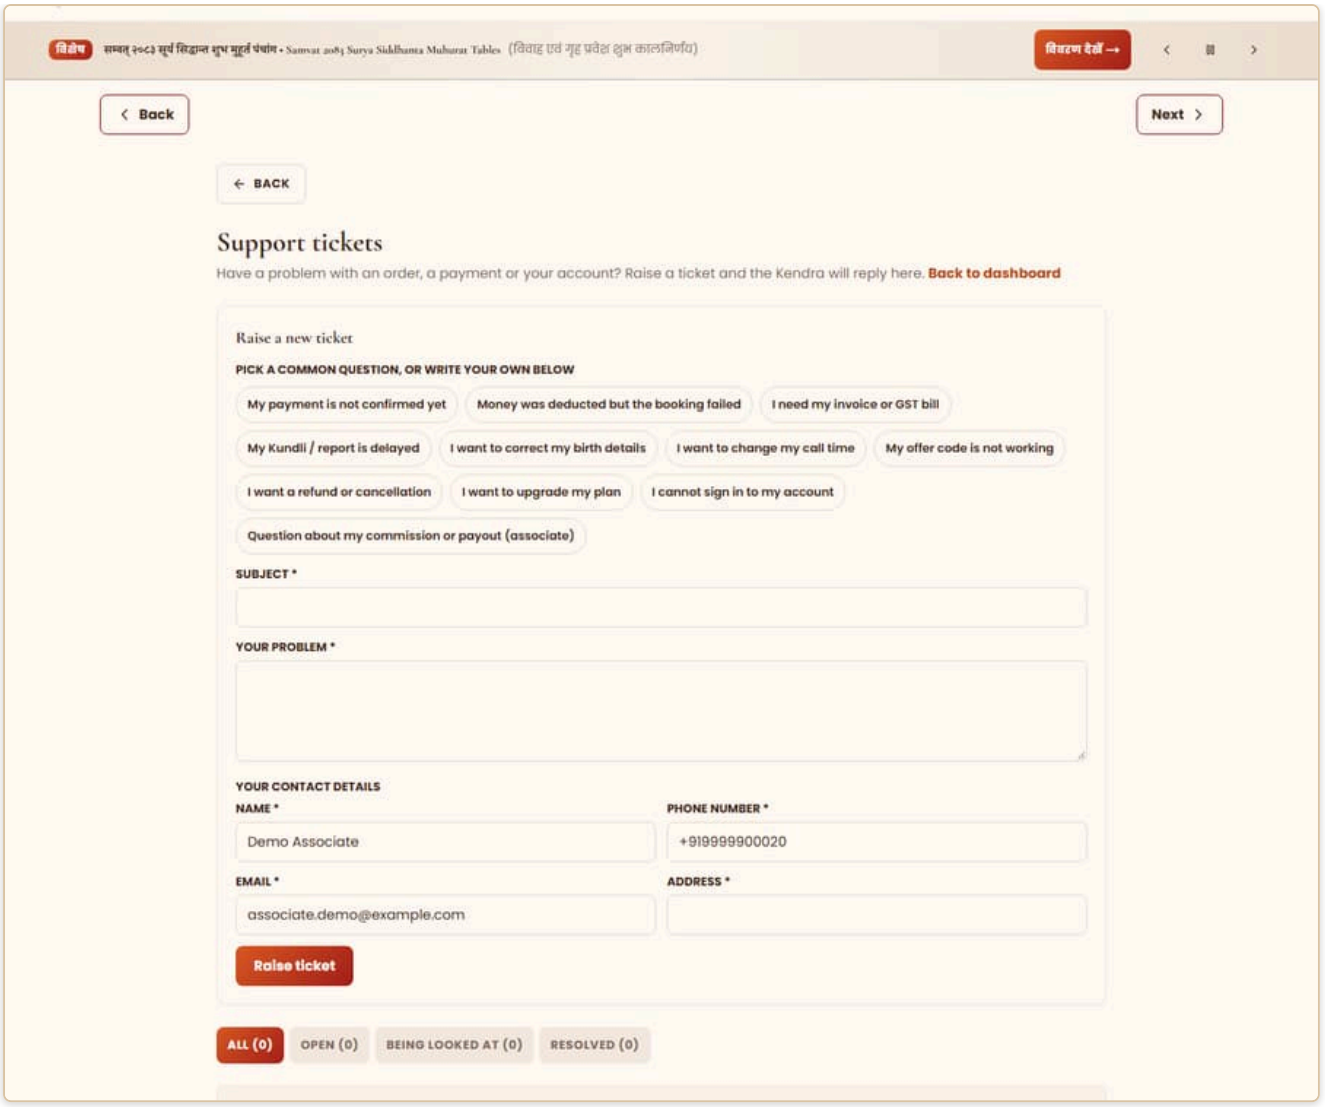

5 Getting help

Support tickets, and the Kendra's contact.

5.1 Support tickets

For any problem, for example a missing commission or a payout question, raise a ticket:

1. On the dashboard press **Support tickets**.
2. Under **PICK A COMMON QUESTION, OR WRITE YOUR OWN BELOW** press the ready subject **Question about my commission or payout (associate)**, or write your own **SUBJECT** *.
3. Describe the problem in **YOUR PROBLEM** *. Mention the order number if it is about one booking.
4. Check your **NAME** *, **PHONE NUMBER** *, **EMAIL** * and **ADDRESS** * and press **Raise ticket**.

Raising a support ticket.

Your tickets are listed below the form, with tabs **ALL**, **OPEN**, **BEING LOOKED AT** and **RESOLVED**. Press a ticket to open the conversation, write in **Write a reply** and press **Send**. The Kendra replies in the same ticket.

5.2 Other ways to reach the Kendra

The round **Quick contact and assistance** button at the bottom right of every page gives **Call**, **WhatsApp**, **Send a message**, **Ask AI** and **Chat**. The phone numbers are +91-9827991224 and +91-7509124672.

6 Quick answers

The most common situations.

I want to...	Do this
get my link	Sign in → the **Your referral link** box → **Copy**.
send my link to someone	Press **WhatsApp** or **Gmail** in the same box.
change my code	**Make a new referral code** → **Generate a new code**, or type your own and press **Use this code**. Old links stop working.
see who booked	**Referred bookings and commission** table. You see order number, service, date, commission and status.
know why a commission is Pending payment	The customer's payment is not confirmed yet. It becomes Earned when the Kendra confirms the payment.
get paid	Save payout details → when Available reaches the minimum, press **Request payout**.
change my UPI or bank details	Edit the boxes under **Where should we pay you?** and press **SAVE PAYOUT DETAILS**.
check a payment I received	**Payout history**: date, amount, status and reference.
ask a question	**Support tickets**, subject **Question about my commission or payout (associate)**.
reset my password	Sign in page → **Forgot password?**.

> **Note:** This guide was written from the website as it is today. If the Kendra changes a page, button names may differ a little; the steps stay the same.
